EMMELUTH STILL AFTER GOVERNOR

**Introduces a Resolution
Which Severely
Grills Dole.**

**DICKEY AND ROBERTSON
SUPPORT THE GOVERNOR**

**The Japanese Immigration a Black
Sport on Governor's Record—Em-
meluth Charges the Governor
With Causing the Plague.**

Yesterday afternoon's session of the House was spent in a most severe arraignment of Governor Dole by Representative Emmeluth. The remarks were caused by the introduction of another resolution which read as follows:

Whereas, The Governor of this Territory has communicated to the House of Representatives the fact that he had signed Senate bill 56 (relating to terms of the Supreme Court) six days after the close of the regular session of the Legislature; and

Whereas, If such action was considered legal it would have been considered for him to sign the County bill and the Pure Food bill, both being of vital importance to the political and physical welfare of the voters of this Territory; and

Whereas, The Governor failed to yield his signature to the bills named; now be it therefore by the House of Representatives, the Senate concurring,

"Resolved, That it is the sense of the Legislature that the Governor of the Territory is not in accord with this Legislature and the voters it represents,

"Resolved, That this Legislature by its vote of confidence in the ability of the Governor of the Territory to properly interpret the Constitution of the United States, the Organic Act creating this Territory and the rights of the people thereof, and

Representative Robertson, as was expected, immediately moved to indefinitely postpone the resolution. "The honorable gentleman," said Mr. Robertson, "seems to have a fondness for ancient history and rare specimens of antiquity. Such a resolution as this is a relic of the old monarchial times. Such things as want of confidence resolutions are unusual under the American flag. A short time ago, Mr. Emmeluth advised a certain member of this Legislature to bathe himself so that he might become thoroughly Americanized. We would suggest that Mr. Emmeluth take his own advice, using hot water. A liberal application of sapollo might do him a little good also."

"Mr. Speaker"—began Mr. Emmeluth, rising to reply to the remarks of the preceding speaker. "If the Governor had taken a bath six weeks ago, conditions would not be as they are now. Nobody knows better than I that such proceedings are unusual but the existing circumstances merit unusual proceedings. This is a fight for the people, gentlemen, and I will fight the Governor to a finish. Never before in my existence has a subject been nearer to my heart and, for any member to attempt to persuade the House to disgress from the beaten paths of duty, is to me unpardonable."

"Gentlemen, here is Senate bill 56, a bill that affected three men, a bill that was nothing more nor less than a matter of convenience to three men. Three men, well paid, well fed, and well cared for, and men, who in comparison to the majority of people in the Territory, do absolutely nothing. If the Governor could sign this bill, he could sign the County bill. Gentlemen, if the County bill is delayed for two more years, where will we drift to? What will be the condition of the country?"

"Consider these figures, gentlemen, and see if they are not enough to blacken any man's record: In 1892 the Japs in these islands numbered 12,360.

ARE YOU DEAF??
Every kind of deafness and difficult hearing can be cured by our new invention, only now having been found out by our friends. Notice in the paper of our cure. Send particulars about our cure. C. H. Brown and John Nott, Jr., 151 King Street, Honolulu. Every man can cure himself at his own home at very low cost.

DR. DALTON'S AURAL CLINIC.

and the Chinese 15,861. In 1900 there were 31,122 Japs and 25,742 Chinese in this Territory. In 1900 there were but 28,923 Caucasians here. Is this working for annexation? In all the time which the Governor was working for annexation, he was working with duplicity and injustice and no one can deny.

"Gentlemen, we are spending hundreds of thousands in bringing this vast horde of aliens into our fair country, and what good comes of it? We are putting the noose about our own necks and are drawing it tighter every year. We are creating conditions under which no white man can live. What caused our late plague unless it was the Asiatics which we ourselves have introduced? And in all this business, Governor Dole is head and shoulders ahead of any of his constituents in this business. Governor Dole was directly responsible for our late plague, and this is only one dark spot on his already black record."

"My point, gentlemen, was well borne out by the late May Day celebration. How many of the little ones were white or Hawaiians while what a vast number of them were of alien blood. This is what we have to contend against, gentlemen, and how much longer can we stand up against it?"

All this time Mr. Dickey had been getting decidedly impatient and, when Mr. Emmeluth finished he jumped to his feet.

"Governor Dole is so situated," began Mr. Dickey, "that he is unable to defend himself from the cowardly and malicious attacks of Mr. Emmeluth. The Governor has always proved himself a true friend of the Hawaiians, as they should know by this time. Look at the appointments of the Governor. There are such Hawaiians as Judge Paheas and Assessor Robinson of Maui and Curtis Iauaka of Wailuku who might have been the Land Commissioner had he wanted it. Deputy Sheriff Chillingworth has been appointed by Governor Dole and will still go higher simply because he and the others are energetic men. In all the offices the Hawaiians have always been in the majority."

"Mr. Emmeluth is talking nonsense when he says that Mr. Dole is responsible for the Japanese immigration. Mr. Dole did not make the laws. The Legislature did and Mr. Dole has enforced them."

Mr. Robertson objected to Mr. Emmeluth taking up the time of the House every afternoon. In his cowardly attacks against the Governor, he called the whole affair out of order as the session was for the consideration of the Appropriation bill. He was not upheld by the chair.

Robertson's motion to indefinitely postpone the resolution was lost. Ayee 10; nays 12. A motion to adjourn the resolution was carried by a small majority. Several Independent and Republican members were absent.

The bill appropriating money for salaries, pay rolls, etc., passed first reading.

At 3:45 o'clock, the House adjourned until Monday.

BULLER TURNED DOWN.
New York, April 29.—A cable to the Sun from London says: It is persistently reported at the military club that Sir Redvers Buller, on the publication of the official gazette in which Earl Roberts damned him with less than faint praise, applied to the Secretary of State for War for the appointment of a court of inquiry. The Secretary promptly refused. Buller then took the remarkable course of complaining direct to the King, who declined to interfere. It is confidentially asserted that Buller will soon be placed on the retired list.

Japan Making New Naval Port.
Berlin, April 29.—The St. Petersburg correspondent of the Cologne Gazette says it is announced from Tokyo that the harbor of Matsai, capital of the island of Yesso, opposite Vladivostok, is being transformed into a naval port. The work is being carried out with all speed and is already almost completed.

SEATTLE BEER.
The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle" is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

Oscar Sutro, a well known young attorney of San Francisco and a son of San Francisco's late Mayor, was a through passenger in the Nippon Maru. He is on his way to Manila to establish himself in the practice of his profession and is associated with E. S. Pillsbury of San Francisco the attorney for many large California corporations.
